

## B POEM

Bees buzz belligerently by babbling brooks

Bountiful blackthorn blossoms bloom

Busy boisterous beetles burrow by black boulders

Big billed birds bite bitterns between bickering

Brazen Bohemian beauties balk bikinis,

Bathing by barren bays baring buxom breasts

Bestial British boys beholding babes blurt blunt, bawdy blarney

But bleach blondes blast blatant blustering.

Blackballed, brawny banished boys break bad behaviour

Before bipolar bisexual bipeds bother both, bidding breezy banter

Bestowing black berries, believing benevolent behaviour bests boasting.

Blithe, bittersweet botanical bliss beside blessed beaches.
